ergonomics

adapt[®] 500

The adapt[®] 500 range provides excellent ergonomics and is the entry point to the adapt[®] family.

With three backrest sizes and two seats to choose from, further enhance the template by selecting what you need from our adaptations[™] options.

As you would expect from adapt[®] an inflatable lumbar support, memory-foam seat and a free-float mechanism are included as standard.

Backrest Sizes

511/512

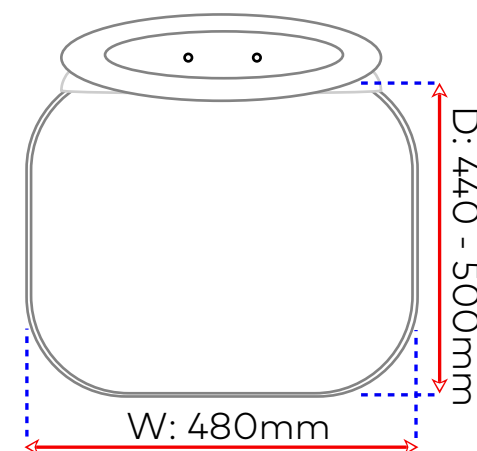

521/522

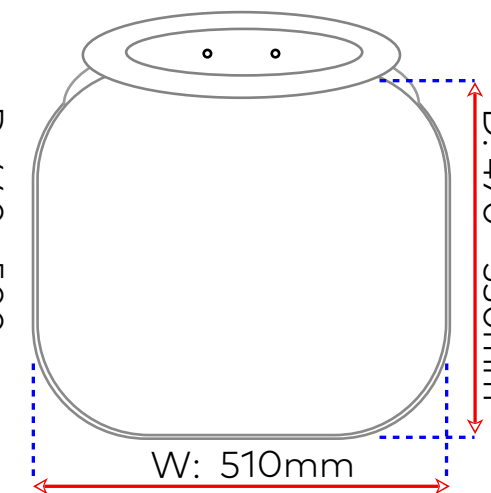

531/532

Seat Sizes

511/521/531

512/522/532

XL and XXL seat options are available in this range to achieve greater width and depth, up to the maximum dimensions shown in Range Overview

Our Adapt[®] ranges are now even simpler to specify, using the easiSpec[®] system.

By taking a few simple measurements our Range Selector will help you choose which Adapt[®] range is best for your needs.

The corresponding easiSpec[®] guide will then take you through the adaptations[™] steps, such as arm and neck supports and air-cell options, to arrive at your ideal chair prescription.
